## Appendix D

Yearly Loan Distribution Criteria

I. ENVIRONMENTAL CONCERNS  A. Priority Water Bodies  (Maximum 250 pts.)  (Maximum 150 pts.)  (Maximum 25 pts.)  (Maximum 25 pts.)  III. FISCAL STRESS  A. COLG's Composite Stress Index  (Maximum 100 pts.)  (Maximum 25 pts.)  (Maximum 25 pts.)  (Maximum 25 pts.)  V. READINESS-TO-PROCEED  (Maximum 50 pts.)  TOTAL POSSIBLE SCORE  (BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 28 PTS.)  A. Project Need  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related  Address a potential public health April 11, 2006 Health documentation)  100	Tearly Loan Distribution Criteria		
A. Priority Water Bodies  (Maximum 150 pts.)  (Maximum 25 pts.)  (Maximum 25 pts.)  (Maximum 100 pts.)  A. COLG's Composite Stress Index  (Maximum 100 pts.)  (Maximum 25 pts.)  (Maximum 25 pts.)  (Maximum 50 pts.)  (TOTAL POSSIBLE SCORE 600 PTS.  I. BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (Maximum 50 pts.)  (MAXIMUM 25 pts.)  (Maximum 50 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 26 pts.)  (A. Project Need Points  A. Project Need Points  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement 150 or an Enforcement Action and are not growth-related	I. TARGETED PROJECT TYPES/NEED	(Maximum 250 pts.)	
A. Priority Water Bodies  B. Enforcement/Compliance History  III. FISCAL STRESS  A. COLG's Composite Stress Index  (Maximum 100 pts.)  IV. READINESS-TO-PROCEED  TOTAL POSSIBLE SCORE  I. BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 26 pts.)  A. Project Need  Points  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	II. ENVIRONMENTAL CONCERNS		
B. Enforcement/Compliance History  III. FISCAL STRESS  A. COLG's Composite Stress Index  (Maximum 100 pts.)  (Maximum 25 pts.)  IV. READINESS-TO-PROCEED  (Maximum 50 pts.)  TOTAL POSSIBLE SCORE  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  A. Project Need  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  A. Project Need  Points  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	A. Priority Water Bodies	(Maximum 150 pts.)	
A. COLG's Composite Stress Index  (Maximum 100 pts.)  (Maximum 25 pts.)  IV. READINESS-TO-PROCEED  (Maximum 50 pts.)  TOTAL POSSIBLE SCORE  (MAXIMUM 25 pts.)  A. Project Need  (MAXIMUM 25 pts.)  A. Project Need  Points  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	B. Enforcement/Compliance History	(Maximum 25 pts.)	
A. COLG's Composite Stress Index  (Maximum 25 pts.)  IV. READINESS-TO-PROCEED  (Maximum 50 pts.)  TOTAL POSSIBLE SCORE  (MAXIMUM 25 pts.)  I. BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  (MAXIMUM 25 pts.)  A. Project Need  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	III. FISCAL STRESS		
B. Bonus for Towns  IV. READINESS-TO-PROCEED (Maximum 50 pts.)  TOTAL POSSIBLE SCORE 600 PTS.  I. BOARD'S TARGETED PROJECT TYPES/NEED (MAXIMUM 28 PTS.)  A. Project Need Points  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	A. COLG's Composite Stress Index	(Maximum 100 pts.)	
I. BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 28 PTS.)  A. Project Need  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	B. Bonus for Towns	(Maximum 25 pts.)	
I. BOARD'S TARGETED PROJECT TYPES/NEED  (MAXIMUM 28 PTS.)  A. Project Need  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	IV. READINESS-TO-PROCEED	(Maximum 50 pts.)	
A. Project Need  Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	TOTAL POSSIBLE SCORE	600 PTS.	
Meet requirements of NMP or new /more stringent water quality standards, regulations, or policies  Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	I. BOARD'S TARGETED PROJECT TYPES/NEED		(MAXIMUM 250 PTS.)
Address a critical, severe or urgent existing public 175 health hazard (as declared by the State Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related	A. Project Need		<u>Points</u>
Department of Health's H/H Criteria)  Address wastewater problems which have resulted 150 in referral to the Office of Enforcement or an Enforcement Action and are not growth-related			200
or an Enforcement Action and are not growth-related			175
Address a potential public health April 11, 2006 Health documentation)			150
	Address a potential public health April 11, 2006 Health documentation)		100

Address facilities under Board's Treatment Plant loading Regulations or other wastewater problems which have resulted in referral to the Office of Enforcement or an Enforcement Action and are growth-related			100			
Rehabilitate, replace, refurbish, or expand 50 wastewater facilities				50		
New sewer service to previously unsewered areas				25		
B. I/A Technology application						
Project proposes the utilization of innovative technology subject to def stablished by DEQ.	50 bor lefinition and criteria			bonus	s pts.	
II. ENVIRONMENTAL CONCERNS				,		
A. Priority Watersheds and Segments	(Maxim	um 150 pts.)				
Relationship Of Discharge Classification To Pollution Problems	303(d)	305(b) (threatened) DCR (high		R (high)		
Dominant/Exclusive Source	15	12 9				
One of Several Sources	12	9 6				
Minor Sources	9	6 3			3	
No Net Pollutant Reduction	0	0 0				
2. Unrelated to above but will result in pollutant reduction						
Relationship of Discharge Resource Value To pollutant reduction	To pollutant reduction High			N	/led	Low
Major Reduction 12			9	)	6	
Minor Reduction	6 5 3			3		
Base points from the matrix will be multiplied by a factor of 10 for the t	otal score	e in this ca	tegory	,		
B. Enforcement/Compliance History  (Maximum 25 pts.			5 pts.)			
If Loan Recipient has no recent enforcement history (no NOV's issued	within la	st 12 mont	hs) or	no a	ctive	

If Loan Recipient has no recent enforcement history (no NOV's issued within last 12 months) or no active enforcement actions are in place or are in progress, twenty-five (25) points should be assigned and the complete evaluation need not be considered. If, however, an enforcement action is in place or is contemplated, evaluate the Loan Recipient as outlined below.

No recent enforcement history (no NOV's issued within last 12 months) or no active enforcement actions are in place or are in progress	25			
	N/A	High	Med	Low
Cooperative efforts to comply with any currently active enforcement actions, i.e., with adequate and timely submittal of plans for correction; compliance with milestones contained in administrative or judicial actions or permits	10	10	5	0
Physical improvements made by the locality including correction of I/I problems and enhancement of treatment processes; use of local funds for improvements	10	10	5	0
Management efforts to improve treatment including proper O&M of existing facilities, rate increases needed to maintain/provide adequate treatment, voluntary measures to restrict flows	5	3	1	0

## III. FISCAL STRESS

## A. COLG Composite Stress Index

(Maximum 100 pts.)

Base points for county and city applicants will be taken directly from the latest available Commission on Local Government composite fiscal stress index. Town applicants will be assigned the points of the surrounding county. Any applicant with a project serving more than one jurisdiction (such as public service authorities or towns located in two counties) will be assigned a weighted average from the component scores

B. Bonus for Towns	(Maximum 25 pts.)
Revenue production efforts by:  recent tax rate increase for other capital improvements. (last 5 years) sewer user fees and charges significantly increased (last 5 years)	15 pts.
Declining trends such as:  lost industries  revenue generation decline	10 pts.

IV. READINESS-TO-PROCEED	(Maximum 50 pts.)
Plans and specifications approved by regulatory agencies	50 pts
Plans and specifications submitted to Health Department (under review)	40 pts
Plans and specifications under design and to be completed and submitted within 4 months of date of application	30 pts
Plans and specifications being prepared	10 pts.
Preliminary engineering report/planning complete	5 pts.
