Project Priority List 2025 Funding Cycle
April 2025

PPL Rank	Applicant	Population	County	Project Name	Description	Project Number	Amount Requested / Probable Green Amount	FA Index
1	¹ Tri-City Regional Sanitary District	4,014	Gila	Tri-City Regional District Sewer System phase I,II, and III	The project, at full buildout, will create a new wastewater collection and collection system infrastructure to include: 159,276+/- linear feet (LF) of gravity mains, 27,500 +/- LF of force main, 415=-/- new manholes, 2,159=-/-new service connections, 0.6 MGD membrane bioreactor (MBR) water reclamation facility.	007 2025	\$1,436,000.00	75%*
2	³ Colorado River Sewage System Joint Venture	3,200	La Paz	Colorado River Sewage System Facility Upgrade (Joint Venture)	This project will include essential upgrades to the wastewater reclamation facility: replacement of aging asbestos concrete pipe force mains and the rehabilitation of wastewater treatment lagoons.	008 2025	\$33,274,000.00 / \$3,000,000.00	85%
3	^{1,4} Gila County	53,372	Gila	Countywide Cesspool Elimination Project	This project will replace cesspools in Gila County. Gila County Community Services Department will be partnering with the Gila County Health and Emergency Management Department, Environmental Health Division, who is experienced with cesspool replacement and new system selection, permitting and inspection.	005 2025	\$250,000.00	85%

PPL Rank	Applicant	Population	County	Project Name	Description	Project Number	Amount Requested / Probable Green Amount	FA Index
4	¹ City of Globe	6,069	Gila	Wastewater System, Public Health, and Efficiency Improvements	This project will include a Sewer System Assessment Capacity and Condition Study, and the repair and replacement of sewer lines and manholes.	006 2025	\$2,000,000.00	85%
5	³ City of Peoria	186,146	Maricopa	Reclaimed Water Transmission Main - Project 2	The City of Peoria intends to design and construct a new 24-inch reclaimed water transmission main that connects two of the wastewater reclamation facilities together. This will allow for additional recharge opportunities and maximizing the use of the effluent.	002 2025	\$21,807,000.00 / \$7,026,700.00	85%
6	¹ Town of Clarkdale	3,800	Yavapai	3rd North Street Sewer Line Replacement	The Town will install new sewer lines in the rear alley and street, replacing the existing sewer main and re-routing services the new sewer main.	014 2025	\$2,000,000.00	75%*
7	² City of Scottsdale	249,935	Maricopa	WestWorld Drainage	The project aims to improve drainage and flood mitigation at WestWorld by upgrading stormwater conveyance systems, managing offsite water flow, and enhancing onsite drainage within city-managed facilities. Major components include converting an undersized drainage channel along Bahia Drive into a 96-inch underground storm drain, improving WestWorld Drive's drainage channel for better flood protection, and additional drainage upgrades around the South Road, equestrian amenities, and facility buildings.	020 2025	\$20,000,000.00	90%

PPL Rank	Applicant	Population	County	Project Name	Description	Project Number	Amount Requested / Probable Green Amount	FA Index
8	Town of Pima	2,000	Graham	Town of Pima Sewer Connection and Engineering for Expanded Wastewater Capacity and Future WRF	The Town of Pima must extend its sewer system to a new high school site to support 500 students and future development. The current high school is outdated and overcrowded. The project includes a 15-inch sewer main, future infrastructure upgrades, and plans for a Water Reclamation Facility to replace lagoons and protect the Gila River. These improvements will enhance efficiency, reduce costs, and support the town's growth.	016 2025	\$4,900,000.00	85%
9	^{1,4} Town of Camp Verde	4,500	Yavapai	Drying Bed Compliance Project	The Wastewater Treatment Plant's drying beds are currently out of compliance with the ADEQ resulting in a Notice of Violation. Compounding this issue, the drying beds are presently out of operation, leaving the facility vulnerable should the belt press fail. To restore the problem the drying beds must be lined to prevent the seepage of toxins into the groundwater beneath them.	012 2025	\$800,000.00	75%*
10	¹ Town of Camp Verde	4,500	Yavapai	Various Wastewater Projects (including control panel upgrades, buildings, and planning engineering)	This project includes Wastewater Treatment Plant Control Panels Upgrade, Blower Addition Building and Installation, Wastewater Treatment Plant Administration Building, and Black Bridge Loop Sewer Main Extension.	017 2025	\$1,481,250.00	75%*

PPL Rank	Applicant	Population	County	Project Name	Description	Project Number	Amount Requested / Probable Green Amount	FA Index
11	¹ Yavapai County Community College District	265	Yavapai	Yavapai College Chino Valley Campus Septic to Sewer Project	YCC currently has 16,000 square feet of classroom and office space tied into a septic on-site. The project would tie current buildings and future housing projects into the Town of Chino Valley Waste Water Treatment Plant, to eliminate the dumping of sewage onsite and to have a more responsible recharge plan for the captured water.	011 2025	\$500,000.00	80%*
12	¹ City of San Luis	38,149	Yuma	West Wastewater Treatment Plant Expansion	The City is looking to expand the wastewater treatment plant (West) because it is at 95% capacity. Through the expansion, the City will also complete minor necessary structural repairs.	013 2025	\$26,240,000.00	80%*
13	¹ Fort Mojave Tribal Utilities Authority	6,000	Mohave	WWTP Expansion and Rehabilitation Design	The proposed design will be for a 3.0 MGD plant utilizing surface aeration and advanced treatment to enhance the quality of the effluent water produced.	003 2025	\$3,900,000.00	80%*
14	¹ City of Williams	3,538	Coconino	Williams Wastewater Treatment Plant Expansion Project	The existing wastewater treatment plant has reached its operational capacity. The project will expand the wastewater treatment plant to 1.3 million gallons for a total capacity of 2.3 million gallons.	004 2025	\$43,763,990.00	80%*

PPL Rank	Applicant	Population	County	Project Name	Description	Project Number	Amount Requested / Probable Green Amount	FA Index
15	¹ Town of Duncan	660	Greenlee	Town of Duncan Lift Station Repair	The Town of Duncan is requesting funds to rehabilitate their sewer lift station. This includes installing a Cured-In-Place (CIP) liner system, fixing structural problems, replacing damaged parts, and improving flow management. These steps aim to restore the lift station's function and prevent toxic effluent discharge into the Gila River, protecting public health and the environment in Eastern Arizona.	010 2025	\$364,867.00	85%
16	¹ Pinewood Sanitary District	3,500	Coconino	Pinewood Sanitary District Treatment Plant & Collections	This project will replace main lines and correct above-ground sewer laterals to prevent infiltration.	019 2025	\$12,000,000.00	85%
							\$174,717,107.00	

Legend:

¹ Eligible for disadvantaged community designation

² New project on PPL

³ Eligible for Green Project Reserve

⁴ Board approved; subsidy locked in at time of board resolution

*Priority Community
